## **Neuropsychology Externship Update**

Dear Students:

Please note that the neuropsychology externship has been paused until further notice. The hospital is currently undergoing a major renovation that has significantly limited the availability of physical workspace. This renovation is expected to continue through the coming year.

We will revisit the training program once the renovation is complete and we have a clear understanding of our finalized available space. At this time, we do not have a dedicated workspace to accommodate an extern.

If you have any questions regarding the program, please do not hesitate to contact me via email.

Best,

Pura Garcia-Serrablo, Psy.D.  
Clinical Neuropsychologist  
Director of Neuropsychology Externship Program  
MedStar National Rehabilitation Hospital  
Washington, DC
