

Advanced Psychology Practicum Program

Waypoint Wellness Center offers an advanced practicum experience for doctoral students who have already completed 1-2 practicum training placements and are looking for additional advanced training prior to internship.

Who Are We?

Waypoint Wellness Center is an interdisciplinary mental health practice with locations in Annapolis, Severna Park, and Linthicum, Maryland. We have a staff of over 20 psychologists, psychiatrists, and other mental health professionals offering individual and family therapy, medication management and comprehensive assessment services, using evidence-based treatments.

What Makes Us Unique?

We pride ourselves on our commitment to peer collaboration and collegiality. Our staff members often collaborate closely to provide care to multiple members of the same family and to coordinate therapy, assessment and medication needs. We offer specialized health psychology services and the coordination of care with medical providers.

What Can We Offer?

For the advanced practicum student, Waypoint Wellness Center offers a 9-12 month training program featuring child and adult therapy and the opportunity to complete 1-3 comprehensive assessments. Trainees will receive weekly supervision from a licensed clinical psychologist and may receive supplemental supervision from other mental health professionals specializing in assessment or specialized therapy techniques, based on interest and availability. Trainees will have the opportunity to attend 1-2 peer supervision groups a month, with topics ranging from coordination of psychiatric and therapeutic care to assessment techniques to specific therapy modalities or presenting problems.

Requirements

- Completion of a Master's Degree in Clinical or Counseling Psychology
- Willingness to obtain Psych Associate license status in the state of Maryland
- Willingness to provide on-site services
- At least one practicum training experience in desired area(s) of focus (therapy, assessment)

To Apply

Please send a letter of interest, curriculum vitae, and at least 2 letters of recommendation to Sally A. Mays, PhD, Training Director, at drmays@waypointwellnesscenter.com.
